

FIERCE FIGHT

In the Convention of the Miners' Federation.

FACTIONS CLASH.

The Acting President, Mahoney, is Accused of Employing Thugs and Safe Blowers.

Denver, June 26.—The crisis in the fight against Acting President Mahoney, of the Western Federation of Miners, was reached Tuesday when the clause of his report in regard to the Industrial Workers of the World was taken up in convention. Vincent St. John, of Goldfield, Nev., led the attack.

St. John admitted that though he had always denounced injunctions, he had used this method to get possession of the records of the Industrial Workers, after Mahoney and others had taken charge of the organization. St. John charged that Mahoney had employed thugs and even an expert safe blower to get possession of the records.

The chair, in announcing the question then before the convention, said that the final vote on the adoption or rejection of the president's report will remain with the Industrial Workers of the World on withdrawal and form another great industrial organization.

In the afternoon Acting President Mahoney took the floor and denied all the charges made against him.

The second convention of the Industrial Workers of the world, held last fall in Chicago, he declared, was irregular almost from the start. A few radicals tried to gain possession of the convention while he and other members of the Western Federation of Miners opposed them.

In regard to the charge that he had hired men to steal the Industrial Workers' records, Mahoney said he did not deny he had employed men to protect the records, but nothing had been taken from the Industrial Workers of the World because at that time the organization was practically disorganized.

Mahoney emphatically denied that he employed any one to slug St. John. It is conceded that the fight is an incident in the struggle for control of the federation by the socialists.

Indicted for Alleged Fraud.

Denver, June 26.—Charged with using the mails in furtherance of a scheme to defraud, the medium being the Financial Security and Trust Co., the Goldfield Gold Mining Co. and the Free Coinage Mining and Smelting Co., W. F. McQuarrie, president of the first named company and a prominent mining promoter; Dr. D. A. Saunders, one of his associates, and F. A. Saunders, secretary of the Financial Security and Trust Co., were indicted by the federal grand jury and arrested Tuesday. Each gave \$2,500 bond.

Decided to Continue the Struggle.

Argelliers, France, June 26.—Marcel Albert, the leader of the wine growers' movement, appears to have suffered a diminution in influence. His speech Tuesday before a big meeting of citizens, in which he described his interview with Premier Clemenceau at Paris on Sunday, sounded like a defense. After a stormy discussion lasting more than two hours, during which M. Albert was savagely attacked, the delegates decided to continue the struggle with unabated vigor.

Blast Furnace Men Will Strike.

Pittsburg, June 26.—A strike of the blast furnace men which, it is said, will affect between 10,000 and 15,000 men, will probably be called on July 1. The difficulty is over an eight-hour day. President McBride, of the National Blast Furnace Workers' association, said Tuesday: "Plans are perfected which will result in the workers at every blast furnace in the Mahoning and Shenango valleys quitting work next Monday until the operators comply with their demands."

Seeks to Prevent a Merger.

New York, June 26.—Bainbridge Colby, of the law firm of Alexander & Colby and former confidential counsel to the Equitable Life Assurance Society, obtained from Justice McCall in the Supreme court Tuesday an order to show cause why the proposed merger of the Equitable Trust Company of New York and the Mercantile Trust Co. should not be permanently enjoined.

Bank Loses \$80,000 by Forgery.

Viadivostok, June 26.—The Russo-Chinese bank paid out \$80,000 on a forged check Tuesday. The man to whom the payment was made escaped. At Harbin a revolutionary dragoon as an officer of the Frontier Guards drew \$30,000 from the Russo-Chinese bank on a forged check.

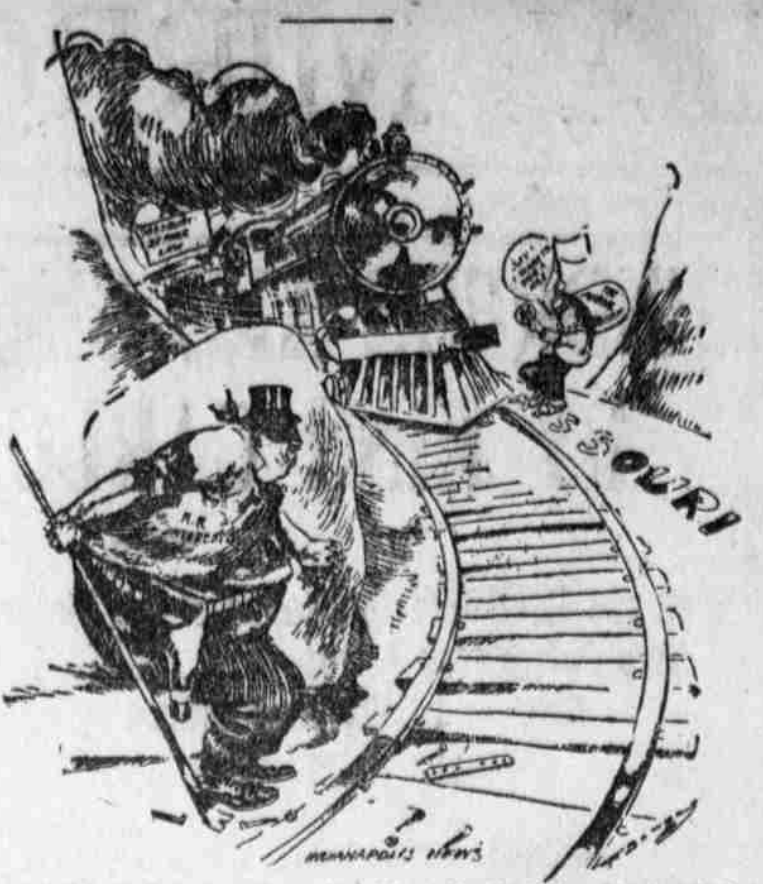

Heat Claims More Victims.

Pittsburg, June 26.—Three more deaths from heat occurred here Tuesday, making a total of 14 fatalities since Sunday evening. Probably a score of persons have been prostrated, a number of whom are in a serious condition.

Yale Defeats Harvard.

New Haven, Conn., June 26.—The Yale baseball nine crushingly defeated Harvard Tuesday in the second game of the series, by the score of 14 to 6. This means a play-off of the tie in New York on Saturday.

WILL THE TRIAL TRIP BE A SUCCESS?

Missouri's 2-Cent Fare Law Is to Run Three Months Before the Courts Act

TO DISCREDIT ORCHARD.

The Defense in the Haywood Trial Offers Its First Testimony.

Boise, Idaho, June 26.—The first direct testimony in defense of William D. Haywood was offered Tuesday. It was chiefly directed toward showing that Harry Orchard, blaming Frank Steenberg for the loss of his interest in the Hercules mine, had threatened to have revenge by killing him, and that the conduct of Orchard and K. C. Sterling, both before the independence explosion, when they were frequently seen together, and afterwards, when Sterling called off a bloodhound that was following Orchard's trail, justified the inference that the mine owners inspired the crime.

The calling of the first witness for the defense was preceded by a further examination of Orchard to permit the defense to complete its impeaching questions. These were nearly all in connection with the claim that Orchard killed Steenberg because of an alleged grudge growing out of the sale of his interest in the Hercules mine. Orchard, who came into court under protection of the same squadron of guards that always act as his escort, again denied that he ever threatened to kill Steenberg because of the Hercules mine and again asserted that he sold his interest in the mine two years before the trouble that drove him out of northern Idaho. Two witnesses called later in the day swore that Orchard did threaten to kill Steenberg because of the Hercules matter, and the defense has prepared the way for such testimony from a dozen more witnesses. The two heard yesterday were F. R. Redd, once of Cripple Creek and now of Goldfield, Nev., and Charles A. Sullivan, formerly of Cripple Creek, now a coachman in the Brown hotel in Denver.

SHORT PARAGRAPHS.

The plant of the Utica (N. Y.) Drop Forge and Tool Co. has been destroyed by fire, entailing a loss of \$200,000.

Mrs. Catherine E. Gilson, known to members of the Women's Relief Corps throughout the United States as "the godmother of the W. R. C.," is dead at Chicago, aged 92 years.

Seven hundred Greek boys are held in peonage in Chicago fruit shops and shoe shining stands. This fact has been revealed by an investigation conducted by the federal immigration officials.

The British steamer Chelston has arrived in Hampton Roads, having aboard the crew of 12 men from the schooner Charlton Henry, of Boston, which was rammed and sunk by the Chelston in a fog off Fire Island, New York.

A telegram from Norfolk reports the sinking of the body of Seaman Frank B. Plummer, who was one of the 11 who went to the bottom of Hampton Roads in the launch of the battleship Minnesota on the night of June 10, and the recovery of whose body completes the list of those who lost their lives.

Lupton's Society Incorporates.

Columbus, O., June 26.—The Apostolic Faith Alliance of Canton, which was incorporated Tuesday, is a movement on the part of the "Gift of Tongues," religious organizations in which Rev. Levi N. Lupton is a prominent factor, looking to the establishment of a colony of disciples of the new faith.

Banker Hays' Property Is Sold.

Columbus, O., June 26.—The property of Otto L. Hays, the former Gallion banker serving a term in the penitentiary here, was sold at public auction Tuesday for \$37,950. The property consisted of ten brick houses and some vacant lots.

Favor His Impeachment.

Rome, June 26.—The committee of the chamber of deputies has reported in favor of impeaching Signor Nunzio Nasi, former minister of public instruction, who is charged with absconding with \$500,000 from the state treasury.

Tug and Seven Lives Lost.

Vancouver, B. C., June 26.—The tug Constance, carrying Capt. Neilson and a crew of six men, all of New Westminster, has been lost with all on board at Rivers Inlet, 300 miles north of here.

Was Chloroformed and Robbed.

Cleveland, June 26.—Chloroform was resorted to by the assailants of William C. Langenau, president of the Langenau Manufacturing Co., before he was overpowered and robbed during a struggle at 1041 Hamilton avenue on the morning of June 18, according to the story told by the wealthy manufacturer in police court Tuesday. Langenau told a graphic story of how he had been lured to the house by a man, and had been struck down from behind, while drinking beer with Mrs. Lena Harvey, the housekeeper. She was bound over to court in \$2,000 bail.

Bondholders Buy a Trolley Road.

Cleveland, June 26.—A bid of \$152,000, the upset price set by the common pleas court, brought the Chagrin Falls & Garrettsville branch of the defunct Eastern Ohio Traction Co. to H. P. McIntosh, representing bondholders of the company, at public auction on Tuesday. McIntosh made only one bid and had no opponents. The property is appraised at \$174,800, and has a roadbed about 30 miles in length. The buying in of the branch by the bondholders means that they will reorganize and operate the road themselves.

Must Not Give Away Liquor.

Columbus, O., June 26.—The supreme court on Tuesday made an important decision under the state liquor laws in the case of the state of Ohio against Linder, a case coming up from Erie county. Linder was prosecuted for operating a saloon in a dry township. In the trial the court charged the jury that liquor might be given away even in a dry territory, though it could not be sold. The state took exception to this ruling, and the supreme court sustained the exception.

Strike to Be Settled Soon.

Cleveland, June 26.—Fifty strike-breakers are said to have deserted the Globe shipyards Tuesday. Negotiations are under way by which the strikers hope to win. Nothing will be said about the matter until the strike is declared off. This phase of the situation, it is said, will develop within the next week. The premises are still picketed by strikers, and Pinkerton detectives keep a close watch on all movements.

Successful Test of an Airship.

New York, June 26.—A big cigar-shaped airship sailed across the bay from Staten Island Tuesday, circled around above the high office buildings in Brooklyn and then swept across East river and alighted in the midst of a huge crowd which had gathered in Battery park. A few moments later the operator set the machinery in motion again and the ship rose to an altitude of about 500 feet and started northward over the skyscrapers of Manhattan Island. The ship was in charge of Lincoln Beachey, who seemed to have perfect control of the big machine at all times.

Convicted of Conspiracy.

Pittsburg, June 26.—Charles R. Richardson was convicted in criminal court Tuesday of conspiring with Harvey P. Roastop, Joseph Flaherty and J. H. Millholland to attempt to bribe councilmen to pass the Pittsburg & Tube City railroad franchise ordinance. That was the second count of the indictment under which he was tried. The first count was conspiring with A. B. McGrew alone to attempt to bribe councilmen. Richardson was acquitted on this count of the indictment.

Wellsville Goes "Dry."

Wellsville, O., June 26.—Following the example set by East Liverpool last Saturday, when that city decided to abolish its 53 saloons, the sister city of Wellsville went "dry" Tuesday by a vote of 1,001 to 953. Wellsville has 23 saloons supplying a population of about 9,000. After 30 days there will be a continuous stretch of "dry" territory extending along the Ohio river from Rochester, Pa., to Toronto, O., a distance of 34 miles.

A Deluge of Complaints.

Washington, June 26.—A deluge of petitions flooded the interstate commerce commission Tuesday. In addition to three or four of the usual character, 37 complaints were filed with the committee in one clay of cases, the greatest number ever presented in one day in the history of the commission.

A Christian Endeavor Convention.

Columbus, O., June 26.—"For Christ and the Church." This is the theme of the twenty-second annual state convention of the Ohio Christian Endeavor Union, which opened in Columbus Tuesday, beginning a three days' session. The convention assembled the first time last night at Memorial hall. The program for the evening included welcoming addresses by Gov. Harris and Mayor Badger.

Ohio Eagles Convene.

Canton, O., June 26.—Eagles from all corners of Ohio are in state convention here. In addition to the welcome given the visitors by elaborate decorations, Eagle pennants and the local reception committee, Mayor Turnbull, both as a representative of the city and as a Canton Eagle, delivered a welcome address. State President White, of Dayton, responded.

Cases of Contagious Disease Increase.

Cleveland, June 26.—Contagious disease conditions in Cleveland are worse this week than last. Diphtheria and scarlet fever are being reported at the rate of five cases a day apiece, and measles at the rate of 20 a day. The prevailing malignant type of scarlet fever resulted in two more deaths in the 24 hours ending Tuesday morning.

A Final Appeal for Clemency.

Columbus, O., June 26.—David Cornelius, a brother of James F. Cornelius, the condemned Canton wife murderer who will be electrocuted Thursday midnight unless executive clemency is shown, had a conference with Gov. Harris Tuesday. It is understood he presented additional affidavits bearing upon the condemned man's mental condition preceding the commission of the crime and made a final appeal for his brother's life.

Will Postpone the Fight.

Chicago, June 26.—Presidents of Illinois railroads have agreed that there shall be no immediate contest of the two-cent rate law which becomes effective July 1. The plan of the railroad officials is to put the rate into effect and later, should passenger earnings show a deficit, go into court in an effort to have the rate law declared confiscatory.

Maj. Harper Is Held for Trial.

Pittsburg, June 26.—Maj. T. Lemuel Harper, secretary of the American Republics club and former superintendent of the American Steel Hoop Co., of this city, who was arrested Monday, charged with assault upon Levi DeWolf, a broker, was held for court Tuesday on a charge of shooting with intent to kill. Bail was fixed at \$2,000.

Naughty Letter Writer Busy Again.

Canton, O., June 26.—The obscene letter writer whose operations aroused Canton society three months ago, and ended in the trial and acquittal of Mrs. Mary Feicht, has opened an attack on the Canton circle of Eagles. President John Rommel, of the Canton Eagles' convention committee, on Tuesday turned over to Postmaster Clark two letters addressed to State President White, of the Eagles, and State Trustee Fred Hoerder. Postmaster Clark says the new letters are in the same hand-writing as those in the Feicht case. They are also identical in tone with those presented in court when the Feicht case was heard.

Receiver Appointed.

Cincinnati, June 26.—On complaint of Harry W. Quackenbush, who charged fraudulent transfer of assets, H. H. Haines was appointed receiver for the New Decatur Buggy Co., of Middletown, O., by United States Judge Thompson Tuesday. The concern was the successor of the Decatur Buggy Co., which was adjudged bankrupt three years ago, when the assets were given at \$250,000 and liabilities less than \$100,000. Quackenbush and H. H. Elwood purchased the old property and the latter transferred the property to the new company, which transfer was overruled by the court, the new issue of stock being cancelled.

Strike Is Extended.

Detroit, June 26.—The strike at the Ecorse shipyard of the Great Lakes engineering works, where 500 men went out Monday because Italian strike-breakers were retained at work, was extended Tuesday and 3,200 men were out. In the afternoon, however, the company sent away from the city the 22 Italians and it is expected that all the men will resume work.

Judge Made a Bluff at Suicide.

San Francisco, June 26.—Overcome with grief and humiliation at the action of the bar association in recommending that he be impeached for gross intemperance if he did not immediately resign, Superior Judge Hubbard tried to take his life Tuesday. He was saved from death after he had pressed the barrel of a revolver against his temple by a reporter, who took away the weapon.

Fourteen People Injured.

Lomira, Wis., June 26.—Fourteen persons were injured, none seriously, in a head-on collision here Tuesday between a passenger and freight train on the Wisconsin Central railroad.

Woman's Place in the World.

The "half angel, half idiot" period is over in the woman's world. She is fighting her way into every sphere of human activity. Her labor is coming into competition with that of men in nearly every department of industry. In the learned professions she is forcing herself to the front by sheer determination and force of intellect in a way that will not be denied. Sooner or later men will be compelled to treat with her and recognize her as a coworker, and they could not begin better than by admitting her right to be a coveter.—James Keir Hardie.

S.S.S. GREATEST OF ALL TONICS

Everyone should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from breathing the impure air of closed rooms and overheated buildings; the heavy, rich foods of the Winter season, etc., and when this vital fluid is aroused and stirred to quicker action by the return of warmer weather, these waste matters and poisons are distributed through the circulation, to act depressingly and injuriously on the system. The blood being in this unnatural and impure condition is unable to furnish the body with the proper amount of nourishment and strength, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation.

The depleted system must have assistance; it needs a tonic and it is important that the proper one be selected. When the health is in this disordered condition it is not safe to

take unknown concoctions, sarsaparillas, etc., because they usually contain potash or other strong mineral ingredients which act unfavorably and often dangerously on the run-down, weakened system, at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. A great deal is being said these days about living close to nature, and it is more applicable to medicines, perhaps, than anything else. Nature has provided a remedy for all the ills of mankind, and medicines made from nature's vegetation act better in every way than do the strong mineral mixtures which are the products of the chemist's or apothecary's shop.

The greatest of all tonics is S. S. S. It is made entirely of the roots, herbs and barks of the forests and fields, selected for their purifying and health restoring qualities; and as it does not contain the slightest trace of mineral in any form it is especially adapted for a systemic remedy, one that is absolutely safe for young or old. S. S. S. acts directly on the blood, ridding it of any and all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is enabled to supply to the system the healthful, invigorating energy needed to pass this trying season of the year. Its action is the most prompt,

THAT S. S. S. IS NOT
PURELY VEGETABLE**

pleasant and satisfactory of all tonics and blood purifiers, and those who are beginning to feel the need of a medicine to fortify the system against the unpleasant conditions that come with Spring, will do well to commence its use at once. It will not only tone up the system, but will remove any taint or humor that may be in the blood and thus prevent an outbreak of Eczema, Tetter, Salt Rheum or other rash or eruption of the skin. S. S. S. restores lost energy, relieves that all worn out, tired feeling, quiets the nerves, helps the appetite and imparts a relish for food, and in every way adds tone and vigor to the entire system, and prepares it for the depressing Summer months that are to follow.

In selecting your tonic for this year do not be led into believing that others are "just as good," but get **S. S. S., THE GREATEST OF ALL TONICS**, and one that for more than forty years has been recognized as such. It is Nature's tonic, absolutely pure and safe, and reliable in every way. S. S. S. is for sale at all first-class drug stores.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

"Hoodlum" and "Hooligan."

"Hoodlum," America's equivalent of the English word "hooligan," was coined at San Francisco very early in the '70s, but did not become generally popular in the United States until about 1877, by which time all certainty as to its origin was lost. One version is that the leader of the San Francisco "larrikins" was a man named Muldoon, whose name a newspaper writer ingeniously reversed to christen his gang "hoodlums," and a compositor's mistake of "n" for "h" did the rest. Another explanation is that "Huddle em!" was the San Francisco rowdies' cry when the police appeared, and a third alludes to a curious fox or "hood" worn by an eccentric character, which the young rowdies adopted as their uniform.

Her Purpose.

The friend of the actress looked at her in some surprise. "But why should you work so hard and be so saving?" she asked. "My dear friend," she lightly replied, "I am working with an object in view. I want to save enough money to warrant me in securing a boy-husband." — Cleveland Plain Dealer.
